PEACEFUL REVOLUTION
HOW WE CAN CREATE THE FUTURE NEEDED FOR HUMANITY’S SURVIVAL
by Paul K. Chappell

“Everybody who cares about a better world should read Peaceful Revolution by warrior philosopher Paul K. Chappell. With cogent and inspiring writing, he teaches us how to heal the causes of violence, conflict, and injustice, and walk the road to peace. We urgently need the ideas in this book to penetrate the national marrow.”

—Kit Miller, Director of the M.K. Gandhi Institute for Nonviolence

If you think world peace is a naïve concept, Paul K. Chappell’s very existence will give you pause. It’s not enough to say that Chappell — a West Point graduate and Iraq War veteran — is a soldier turned peace leader. Experiencing a traumatic upbringing and growing up mixed race in Alabama, he’s a young man forged by violence, rage, and racism into a living weapon for peace. By unlocking the mysteries of human nature, he shows how strengthening the muscles of hope, empathy, appreciation, conscience, reason, discipline, and curiosity give us the power to end the wars between countries, our ongoing war with nature, and the war in our hearts.

Paul K. Chappell graduated from West Point in 2002. He served in the army for seven years, was deployed to Baghdad in 2006, and left active duty in November 2009 as a Captain. He is currently serving as the Peace Leadership Director for the Nuclear Age Peace Foundation and lectures throughout the country.

Praise for The End of War
“Captain Paul K. Chappell has given us a crucial look at war and peace from the unique perspective of a soldier, and his new ideas show us why world peace is both necessary and possible in the 21st century. The End of War can help people everywhere understand why war must end, and how together we can end it.”

—Archbishop Desmond Tutu, Nobel Peace Prize Laureate

Praise for Will War Ever End?
“Captain Chappell has written a lucid, eloquent, compelling book, a wonderful book….The abolition of war is possible, providing we do the work of creating trustworthy structures of collective security and waging peace as Captain Chappell models for us.”

—Jonathan Shay, MD, Ph.D., 2009 Omar Bradley Chair of Strategic Leadership, US Army War College; MacArthur Fellow, author of Achilles in Vietnam and Odysseus in America
